

International **SISN** Neutron Science Conference 2027

INTERNATIONAL SISN NEUTRON SCIENCE CONFERENCE

In memory of Eleonora Guarini and Marco Zoppi

January 18 – 21 2027
Firenze ITALY

Università degli Studi di Firenze - Plesso Santa Teresa

Via della Mattonaia 8, 50121 Firenze

UNIVERSITÀ
DEGLI STUDI
FIRENZE

TOPICS

- **Physics and Quantum Materials**
 - Magnetism and Spin Dynamics
 - Superconductivity
 - Crystallography and Phase Transitions
 - Topological Insulators
- **Materials Science, Chemistry, and Engineering**
 - Hydrogen and other Energy Materials
 - Physical and Chemical Metallurgy
 - Residual Stresses and Fatigue
 - Catalysis
 - Polymers, Soft Matter and Liquids
 - Green and Sustainable Materials
- **Biology and Life Sciences**
 - Protein Structure and Hydration
 - Membranes
 - Drug Delivery Systems
- **Geosciences, Environment and Heritage Science**
 - Environment Preservation
 - Planetary Science
 - Neutron for Cultural Heritage
- **Instrumentation and Methods**
 - New Instrumental Developments
 - Numerical Methods and AI

Information: <https://www.sisn.it/sisnsc/>

Scientific committee

Daniele Colognesi
Ferdinando Formisano
Francesco Grazzi
Marco Laurati
Alessandra Luchini
Claudia Mondelli
Daria Noferini
Mario Santoro

Organising committee

Selene Berni
Francesco Cantini
Milva Celli
Leonardo Del Rosso
Marco Laurati

SISNSC 27 Organised by SISN – Italian Neutron Science Society
